

MARTHA STEWART : CRAFTS™

idea card

kids' party favors

kids' party favors

1 To make a simple cookie envelope, cut a square of food tissue paper large enough to fold all four corners around cookie. Seal with a bordered sticker stamped with a number or initial.

2 Create wallet favors by folding a 12x12-inch sheet of paper in half, then fold bottom two-thirds of the way up. Seal raw edge of paper across front with double-sided tape and trim off both ends. Insert a piece of ribbon halfway up each side, then tape ends closed to completely seal. Fold in half and slip in gift cards, movie passes, or money.

3 Fold the top of a medium-sized goodie bag just below the lowest holes. Punch through all layers at upper holes with screw punch. Fold 6x6-inch square of paper into triangle, wrap around filled bag as shown, and punch aligning holes. Thread ribbon through holes from front to back, cross ends behind, and thread back to front.
